### **Book endorsements**

---

"And it is authors like Chuck Dukas who continue to raise the bar for all of us when he writes that technical indicators will act differently during the six stages of his Market Phase Analysis. He wants his readers to understand that we should all approach the market with a trading plan and the discipline to carry out that plan. Enjoy Chuck's book, I certainly did."

**Ralph Acampora, Knight Equity Group**

---

"Identifying a market's trend, defining a process to time entries and exits, and applying a prudent money management approach are all essential components to consistent long-term trading and investment success and profitability. With clarity and detail, Chuck Dukas presents a much needed prescription to introduce these important elements into one's trading regimen. This book is essential reading for anyone who operates in the markets and intends to be a survivor."

**Tom DeMark, President, Market Studies, Inc.**

---

"Chuck Dukas has developed an interesting life-cycle framework for equity analysis rooted in traditional technical analysis concepts that harkens back to the pioneering work of Stan Weinstein. Model builders will no doubt be anxious to test these ideas in the crucible of the markets."

**John Bollinger, CFA, CMT, [www.BollingerBands.com](http://www.BollingerBands.com)**

---

"This book, The TRENDadvisor Guide to Breakthrough Profits, not only is a valid comprehensive guide to exploiting profit opportunities in modern equity markets, but also has the virtue of being written by a seasoned professional with a real time record of doing just that. This is no 'pie in the sky' wanna-be trader's hope chest, but a well thought-out, clear exposition of how equity markets actually work, and how to make money from them."

**Mike Epstein, Visiting Scholar, MIT Laboratory for Financial Engineering  
And a member of the American Stock Exchange Board of Governors**

---

"Chuck Dukas makes the difficulty of learning technical analysis easy to understand and apply. I have several clients who have told me that he is their trading mentor and the reason that they are successful traders."

**Adrienne Toghraie, Trader's Coach
